They Are Likely To Let
Transvaalers Continue
the Fight Alone.

CRITICS ON SALISBURY

Premier's Reply to Kruger and
Steyn Is Condemned as
Bad Diplomacy.

General Joubert Leaves Pretoria for the

Hay—Kruger Announces That the
Boers Will Fight to the Bitter End
Defense Work for Transvaal Cities
—Capture of Bloemfontein.

London, March 15.—[Special Cable-gram.]—The cabinet thinks the welcome accorded to Gen. Roberts at Bloemfontein confirms the rumors that the Free Staters are sick of fighting. It is now expected that they will leave the Transvaalers to continue the war alone.

A few of the critics think Salisbury's reply was bad diplomacy. Several members of the cabinet wanted Salisbury to say that he would refuse to recognize the republics as sovereign international states, but leaving the question of international independence in abeyance.

The Manchester Guardian in a powerful editorial today says that the premier's reply means that the country has entered upon a sheer war conquest in which the greatest empire in the world is beating to its knees a population which could easily be packed in a small provincial town.

Joubert Leaves for the Front.
Pretoria, March 15.—[Special Cable-gram.]—Gen. Joubert left for the front tonight. Members of the Transvaal executive are holding constant conferences with the American consul Hay.

May Destroy Transvaal Mines.
Lorenzo Marques, March 15.—[Special Cable-gram.]—It is reported that the Transvaal mining department is preparing to destroy the mines at Johannesburg and that explosive mines for the defense of the city will be constructed. Other defense preparations are being made rapidly. The Boer officials are quoted as saying that they have only thirty thousand round of Mauser ammunition left.

Clements and Gatacre Join.
Bethulie, March 15.—[Special Cable-gram.]—Gen. Clements and Gatacre effected a junction at Burgersdorp yesterday.
Will Hold Boers Responsible.
London, March 15.—[Special Cable-gram.]—In reply to a question in the house of commons this afternoon Chamberlain said the government was seriously considering the Boer threats to demolish the mines and other property in the Rand district and repeated the warning that the Transvaal will be held strictly to account if unprotected lives and the property of peaceable citizens were destroyed.

Bloemfontein Greets Roberts.
London, March 15.—[Special Cable-gram.]—No more details of the capture of Bloemfontein have been received. The newspaper correspondents' dispatches say that the first to enter the city were met by Fraser and other officials, whom they conducted to Roberts and to whom the formal transfer of the city's keys was made. During Roberts' progress through the town he ordered that looting be stopped and forced a number of Kafirs to replace goods they had stolen. When the British commander reached the market square he was given a remarkable ovation. No dispatches indicating Roberts' plans for the future were received today.

BOERS WILL FIGHT TO THE DEATH

President Kruger Says Forces are United and Ask For God's Help.
Pretoria March 13, 8 p. m. (via Berlin March 15 10 a. m.)—To the Editor of the Journal, New York: The burghers will only cease fighting with death. Our forces are returning in good order to our first line of defense on our own soil. The Natal campaign lasted longer in our favor than we expected. The British will never reach Pretoria.
The burghers, Steyn, Joubert and myself, as well as all the others are united. There are no differences. God help us.
KRUGER.

SALISBURY'S ANSWER TO HAY

Great Britain Will Accept Intervention From No Power.
London, March 15.—[Special Cable-gram.]—In the house of commons this afternoon, Redmond, the nationalist leader asked Balfour, the government leader, whether the United States offered

its good offices to bring about peace in South Africa.

Balfour replied that a note from Secretary Hay had been communicated to Salisbury in which it was stated that the South African republics had requested the United States to intervene and that Hay had been instructed to express the hope that a way of bringing about peace might be found and that the United States would be glad to aid in a friendly manner to bring about such a result.

Balfour said that Salisbury replied thanking the United States for the friendly tone of the communication and added that Great Britain did not propose to accept intervention from any power.

BRITISH ENTER BLOEMFONTEIN

News of the Victory Caused Great Joy in England

London, March 15.—Gen. Roberts yesterday cabled the war office as follows:

"Bloemfontein, March 13, 8 p. m.—By the help of God and the bravery of my majesty's soldiers the troops under my command have taken possession of Bloemfontein. The British flag flies over the presidency, which was vacated last evening by Mr. Steyn, late president of the Orange Free State."

"Mr. Fraser, a member of the late executive government, the mayor, the secretary of the late government, the landrost, and other officials met me two miles from the town and presented the keys of the public offices. The enemy have withdrawn from the neighborhood. All seems quiet. The inhabitants gave the troops a cordial welcome."

The news of the fall of Bloemfontein came too late last evening to call forth any great popular demonstration, but it caused scenes of patriotic enthusiasm in music halls, theaters and clubs and in some of the West End streets. The truth is that what Englishmen most long for is news of the relief of the brave little garrison under Col. Baden-Powell at Mafeking. When it comes, if it does, there will be a renewal of the marvelous scenes of Ladysmith day.

The first stage of the war is now definitely finished, but there is the widest divergence of opinion as to what the future developments will be. Some believe that the complete collapse of the Boer resistance is impending, while others fear that when the struggle is confined to the Transvaal borders, fully six months will be required to completely subjugate the burghers.

It is now clear that President Kruger's so-called peace proposal accomplished cleverly two objects. First, it has given the best opportunity to any power wishing to undertake the role of intervention. There is as yet no sign that this will be acted upon; indeed, there has a no time been any indication that England's rivals would endeavor to accomplish their ambitious purposes by means of such procedure. Second, President Kruger is now able to give to any of his faint-hearted burghers an official declaration of Great Britain's purpose to annex both the Boer republics. Their only chance to preserve their independence, therefore, is to persist in their resistance in the hope that European complications may compel England to abandon her purpose.

It is now well known that England will prosecute the war with the utmost energy during the next few weeks, in order to make peace before the threatened perils nearer home reach a crisis or even routine.

DECLARE CORBETT IS NOT GUILTY

Verdict of the Jury to That Effect
Turned In at Racine—It Gives General Satisfaction—Judge Flett's Fair and Impartial Charges—Corbett's Health Ruined, and He Will Not Long Survive the Strain He Has Endured.

Racine, March 15.—[Special Telegram.]—The jury in the Corbett case returned a verdict of not guilty at 10:30 o'clock this morning.

Judge Flett gave a very fair and impartial charge. He quoted the law involved and instructed the jury to find the prisoner guilty if the prosecution had shown beyond a reasonable doubt that Corbett was the man who had done the shooting. He said that if there was a reasonable doubt of it, it was duty of jury to find the accused innocent.

H. F. Corbett was on trial for shooting and attempting to kill Rev. and Mrs. Cheney. He was a solicitor for paintings from Milwaukee and has stoutly maintained his innocence since his arrest. His health has failed and he is not likely to survive the strain very long.

The verdict gives great satisfaction here.

REPUBLICANS MUST RETAIN H. C. PAYNE

GOV. ROOSEVELT PRAISES WISCONSIN COMMITTEES.

Says It Would Be Little Short of a Calamity to Depose Him—Dr. Tanner a Candidate for Congress Against Minor—Campaign on in Milwaukee Will Be Bitter.

Milwaukee, March 15.—Governor Roosevelt of New York has written a letter to the editor of the Milwaukee Journal endorsing what nearly every leading Republican in the United States has said about the efforts of the Milwaukee Sentinel to drive H. C. Payne from the national committee. "I most earnestly hope," the Governor says, "that Mr. Payne will be elected member of the national Republican committee and cordially endorse every word that Senator Spooner has said about him. I believe that every Republican who has the welfare of the party sincerely at heart feels that it would be little short of a calamity if Mr. Payne were not to continue to take part in directing the national interests of the party. It has been my good fortune to be thrown with him somewhat intimately. I have felt a constantly increasing respect for him, not only for his keen ability and insight, but for his sense of the real national needs—of his intense appreciation that only by serving those real national needs can any party really deserve success."

Friends Bring Out Kreutzer.

Andrew L. Kreutzer, of Wausau, is the latest "candidate" for the republican gubernatorial nomination, several newspapers in the northern part of the state mentioning him for the past few days, and the Milwaukee paper printing his portrait in the effort to show that he is at least a good looking man. Mr. Kreutzer was elected state senator in 1898, and is a member of the leading law firm in Wausau. His candidacy is not regarded serious in Milwaukee, at least, where the candidates usually come to announce that they have entered the field.

Opposition For Minor.

Dr. Herbert B. Tanner of Kaukauna, who says he would never vote for a Porto Rican tariff of any percent, is a candidate for congress in the Eighth district on the republican ticket, and he has the best of reasons for believing that he will be able to defeat congress man Minor. Dr. Tanner is at present state oil inspector, an office he held since 1895, being appointed by Gov. Upham and reappointed by Gov. Scofield. He has been a resident of Kaukauna since 1880, and previous to that time practiced his profession in Chicago.

Republican Fight in Milwaukee.

The republican primaries which are to be held tomorrow are attracting as much attention as is usually accorded to a spring election itself, if one faction wins the street-railway ordinance and a proposed street-lighting contract will be an issue in the campaign, while if it is defeated the people will have no opportunity to express their sentiments in the matter. The defeat of the anti-street railway faction is looked upon as equivalent to the reelection of Rose, the present democratic mayor.

JEWS CELEBRATING PURIM FEAST TODAY

It Marks the Anniversary of King Ahasuerus' Order Saving the Race.

Jews celebrated the Purim feast today. It marks the anniversary of King Ahasuerus' order rescinding the edict for the killing of the Jews and overthrowing the plans of Haman for the destruction of the race. Through the efforts of Esther the king issued the order, and gave the Jews permission to defend themselves when attacked.

The race was preserved by this order, and the people have celebrated it ever since, covering a period of 2,400 years. The celebration has not the religious sentiment which marks so many of the Jewish holidays. In ancient times the anniversary was celebrated by giving dances, especially masquerades, and this custom has been continued to a large extent by thousands of Jews.

One of the prescribed customs is for the assembling of the family in the morning and evening, when the Book of Esther is read and there is a general exchange of presents. It generally is made the merriest of the Jewish holidays, marking, as it does, the preservation of the Jews.

OTHER SIDE OF THE BULL PEN AFFAIR

Washington, March 15.—[Special Telegram.]—The first witness for the government side in the Coeur d'Alene affair was examined today. The witness was Forney, the special prosecuting officer appointed in the riot cases. He said the prisoners were put in the bull pen because the county jail was unsanitary, and admitted that a number of mistakes were made in the matter of arrests. The military authorities, he said, assisted the state authorities, though certain matters of discipline were left with the troops.

BUILDING A NEW RELIGIOUS SYSTEM

THE REV. MR. SHELDON IS MAKING WAR ON THE SECTS.

Publication of a Christian Daily Only a Step Toward a Project to Unite the Churches in a System of "Practical Christianity"—The Views and News of the Capital.

Topeka, Kas., March 15.—The Rev. Charles M. Sheldon's Christian daily is only a step in the direction of a gigantic project which the Topeka minister will attempt to carry out. He contemplates building a new religious system for the Christian world. The preacher-editor has not told the public of his plans, but an editorial in tomorrow's Capital will pave the way for the announcement. The information bearing on Mr. Sheldon's plans comes from one close to the minister, however.

Abandonment of Sects

The Sheldon project for a new religious institution contemplates the abandonment of sects—a structure founded on the teachings of the Bible, and made strong by the obliteration of the lines which now divide the churches. He has decided on preaching this faith in two continents.

"Practical Christianity" is what the author of "In His Steps" chooses to call his idea.

On the first of May, having obtained leave of absence from his congregation, Mr. Sheldon will start for England, where for two months he will conduct a campaign for "practical Christianity," the whole scheme being laid along the lines found in his books and in his sermons.

Gets Some Extra Words.

Today Mr. Sheldon asked the local physicians to write 200 words each on "What Science Is Doing to Prevent Crime." Great were his woes when eleven replies came in, the shortest of which consisted of 1,200 words.

Reports of the scores of a whist club were last night thrown out because they too closely resembled sporting news.

Mr. Sheldon's no smoking rule has broken two men of the habit. K. U. Whitted, the assistant foreman, suffered during the first day of abstinence; the second was easier, and today he proclaimed that he was through with tobacco forever. A printer had a similar experience and came to the same conclusion.

Mr. Sheldon made a discovery today. He says he can handle manuscript much faster if the lines are written close together—he can read two lines at one time, which is no mean trick, which will be discovered if tried.

Leaning Toward Socialism.

It is no secret among the friends of Mr. Sheldon that he leans strongly toward socialism. His many articles on socialism and kindred subjects printed in the Capital within the last few days prove this. Only this morning Mr. Sheldon was asked if he believed in socialism. He evaded a direct reply but said:

"If you will put the word Christian before the word socialism and then read the sermon on the mount you will have my views exactly."

New Journalistic Fashions.

The publication of the Sheldon Capital promises to lead to new fashions in journalism in Kansas. The Capital is being edited as Mr. Sheldon thinks Christ would edit it, the Atchison Globe is being conducted by Mr. Howe as he thinks an editor would conduct it and the Atchison Champion is being run as the owner thinks "the devil would run it."

Mr. Howe takes direct issue with Mr. Sheldon and goes to extremes to ridicule him and his faith. For this he is criticized, for in attacking the preacher-editor he attacks religion also.

Yesterday's Globe contained a line in large type stretched across the full width of the page, immediately under the heading, reading:

"Children soon learn that at nights when they forget to say their prayers nothing terrible happens."

TAYLOR HAS NOT LEFT FRANKFORT

Rumor That Governor of Kentucky Had Fled to London, Ky., is Denied.

Frankfort, Ky., March 15.—[Special Telegram.]—The report that Governor Taylor had fled from the city last night to London, Ky., is untrue. He spent the night at the executive mansion with his family.

SCHOOLGIRL ELOPES WITH A CONDUCTOR

Milwaukee Downer College Maiden of a Jewish Family Married at La Crosse.

Milwaukee, Wis., March 15.—Miss Mae Mahler, daughter of Edward Mahler of the wholesale furnishing goods firm of Mahler, Albersberg & Co. of this city, was married yesterday to Frederick Kaubach, a streetcar conductor. The marriage took place at La Crosse and followed an elopement. Miss Mahler has been a student at Milwaukee Downer college here, and Kaubach was a

conductor on a Farwell avenue car that runs by the college grounds.

Monday the girl disappeared, and the parents, having recently learned of her attachment for the streetcar young man, at once surmised that she had eloped. Nothing more was heard of the couple until word came from La Crosse today that they had been married there. The bride is 17 years of age and is a Jewess. Kaubach was discharged by the company a short time ago, but kept up his attentions to the fair young Downer student. The bride's parents are wealthy.

IMPROVED METHODS IN STATE AFFAIRS

GOV. SCOFIELD'S SPEECH TO THE FARMERS AT DELAVAN.

Badger State in a More Prosperous Condition Than at Any Time for Twenty Years—The State Board of Control Has Saved \$50,000 the Past Year.

Delavan, Wis., March 15.—At the county Farmers' institute, which is attracting a large attendance, Gov. Scofield delivered an address yesterday afternoon in which he discussed questions of state administration and told of some improved methods which have been introduced in the management of state affairs. From a business standpoint, he said, the state was in a more satisfactory and prosperous condition than at any time for twenty years, and long prevailing loose methods in state finances had been corrected. He spoke incidentally of the phase of the tax question, referring to the danger of extravagance due to increased income and emphasizing the necessity rather for equalization of the tax burden. He told of the saving made the past year by the state Board of Control of \$50,000 by instituting business methods in the purchase of supplies and of the improved system of state accounting.

For Commissioners in Co. 1.

Milwaukee, March 15.—The examination of applicants for commissions in the Light Battery A and in Co. I of the First Wisconsin regiment of Janesville, was begun yesterday at the Armory on Broadway. The examination will be finished today and the board will make its report to Col. Falk the last of the week.

Gen. Harnden Is Very Low.

Madison, Wis., March 15.—Gen. Henry Harnden's death is only a matter of a few hours. That was the opinion, expressed by his physician, Dr. C. S. Sheldon, this morning. The general was conscious only part of the day. His family and friends feel that there is practically no hope for his recovery now. The patient's lungs have been gradually filling for some hours. The general expressed the wish to be buried under Masonic auspices.

Catholics Must Not Attend.

Green Bay, Wis., March 15.—Bishop Messmer has issued a circular order, directed principally to the Catholics of Green Bay, reminding them that according to the regulations of the church they must not attend the People's pulpit services held Sunday evenings in the Green Bay theatre under the direction of the Rev. William Forkell and J. M. Spence.

FRANCE IS KEEPING PACE WITH ENGLAND

Inquiries Made to to Number of Colonial Soldiers Can Be Made Available.

London, March 15.—[Special Cable-gram.]—A private dispatch from Paris says that the French minister of the colonies has cabled the governor of every French colony inquiring the number of colonial soldiers available for immediate service.

The request is almost identical with that made by Chamberlain, on all the British colonial governors.

This move on the part of the French is taken as an indication that it is moving step by step with England in military preparations.

MUDDLE IN SENATE OVER PORTO RICO

Vexed Problem Finally Referred to a Committee of Seven.

NEW MOVE IS LIKELY

The Free Trade Senators Appear To Be Standing Like a Stone Wall.

Change in the Platform is Tacitly Agreed to by the Administration Members—Plan is First to Pass the \$2,000,000 Appropriation, Then the House Bill and Then Foraker's—Relief Bill Is To Come Up at Once.

Washington, March 15.—And still the Republican managers of the senate are unable to find a way out of their dilemma. How to defeat free trade for Porto Rico and push through the 15 per cent house bill is as big a problem as ever.

Yesterday afternoon the Republican senators were in caucus for three and a half hours but no agreement was reached. The free trade senators, ten in number, appear to be standing like a stone wall, backed by the public sentiment of their states, and the combined influence of the administration and the Republican organization of the senate has not as yet proved strong enough to break them down.

Named a Committee of Seven.

The nearest approach to an agreement the caucus was able to reach was to authorize the appointment of a committee of seven to take up the question and see if common ground could not be found. This committee will consist of three free trade senators and three who are for the tariff. It will be appointed by Senator Allison, the chairman of the caucus and it is understood that the senator himself will be the chairman ex-officio.

What this committee can do to bring about harmony no one is able to predict. The fight is squarely one between free trade and the 15 per cent tariff, and unless the friends of the former proposition can be induced to surrender it is impossible to see how any legislation can be effected. If this committee is ever able to reach an agreement it is probable another caucus will be called to discuss its report, and then the fight will be opened up again.

To Relieve Porto Rico.

One thing was practically agreed upon today, and this was that the bill appropriating the \$2,000,000 of revenue now in the treasury for the use of the government of Porto Rico shall be taken and passed as a special measure at once. No one has any serious objection to that. This will give Porto Rico a little immediate relief while the republican brethren in the senate are fighting out their differences.

President McKinley's influence served to pass the house bill, and he is now hard at work trying to put this same measure through the senate. This morning Senators Allison and Spooner had a long conference with the president, and they are agreed to divide the question into three parts and pass the three bills one after the other.

Passage of the 15 per cent tariff is now considered by the president as absolutely essential to party success, and it was hinted today if this bill is overthrown and free trade prevails President McKinley will decline to stand as a candidate for re-election.

New Scheme Most in Favor.

The scheme now most in favor with the administration and its friends is to divide the Porto Rican question into three parts and pass each measure separately and in the following order:

1. The two million appropriation bill.
 2. The house 15 per cent bill, unamended.
 3. The Foraker civil government bill.
- It has been discovered that any senate amendment to the house bill will endanger the success of the measure in the popular branch. Members of the ways and means committee have been running over to the senate during the last forty-eight hours imploring that body not to plunge them into any fight. They admit free trade is much stronger in the house now than it was when the bill was passed by a majority of eleven votes, and they decline to answer for the consequences if a senate amendment brings up the struggle again at their end of the capital.

Despoiling the Forests.

In spite of expedients and the substitution of coal for fuel, and iron for walls, bridges, piers and ships, the demand for wood of all kinds is still on the increase. Our immense railroad system alone is using in this country 300,000,000 of wooden ties. Boxes, toys, paper, charcoal and numberless other articles necessary to comfort or luxury are eating up the forests of the world, until it takes no prophet to predict that the day is not far distant when a scarcity will prevail. In addition to this, forest fires devour hundreds of acres of trees yearly.—New York Tribune.

AMUSEMENT NOTES.

Electricity and its effects has largely predominated in spectacles of all descriptions. But to introduce it into a ballet or dance and so govern the current at will without the slightest danger to the dancer has been a problem that only Electrician Armstrong, has been able to solve. The electric ballet in "The Evil

Eye," which appears at the Myers Grand tomorrow night, is one of the most distinct novelties ever seen. Colored lights burst from almost every portion of the dancers' costumes, from a revolving diadem on the head to the buckle on the shoes. The effect is said to be most astonishing and one of the prettiest features ever introduced in a dance.

The quartet consists of Minnie Eaton Beaumont, first soprano; Miss Nell Clara Quick, second soprano; Miss Katherine Jones, first alto; Miss Gertrude Sprague, second alto, assisted by Miss Grace Estelle Melcher, entertainer. Nothing but words of praise could be written in behalf of the entertainment. Miss Melcher, the reader, did herself proud. The concert of last evening was considered by many to be the best attraction on the Y. M. C. A. Lecture Course.

One Hundred and Twenty-five Guests Partook of a Banquet and Enjoyed Social Dance.

Friends to the number of one hundred and twenty-five were the guests of Wilbur F. Carle last evening at a banquet and a social which took place at Masonic hall.

At a meeting of the grand chapter held in Milwaukee recently Mr. Carle was honored with the election of associate grand patron of the Order of Eastern Star, and it was in honor of the title bestowed that Mr. Carle last evening acted the part of host.

At Liberty hall at 6:30 o'clock the guests partook of the repast which lacked in no respect. Work then followed which included the initiation of Mrs. Margaret Baum and Fred Van de

Water. At the conclusion of the work there was a dance until midnight for which music was furnished by Tucker's orchestra.

Among those who were present from out of the city were Associate Grand Matron Miss Belle Bliss of Baraboo; Past Grand Matron Miss Anna Phillips of Mineral Point; Mr. and Mrs. Charles Carson, Mineral Point; Mr. and Mrs. Charles Sherwood, Galena, Ill.; Mr. and Mrs. Charles Ingles, Milwaukee; Mr. and Mrs. Vernon Clute, Milwaukee; Mr. and Mrs. L. Indoor Base Ball Game Scheduled to Take Place in Rockford.

The Janesville and Rockford Y. M. C. A. indoor base ball teams play in Rockford this evening. The Rockford Star of this morning says:

"The lovers of the game of indoor base ball and all who like athletics are promised an interesting entertainment at the armory Thursday evening when a team of picked players will meet the strong Janesville Y. M. C. A. aggregation. The battery for the local team will be Arza Clark and George Needham. Clark as a member of the Watertown club has developed into a phenomena and is regarded by the old timers who have seen his work as one of the best pitchers ever turned out in this city. It looks a strong line-up and if they strike anything near their gait the Janesvilles will go home beaten."

Blodgett Milling Company Win the Legal Case Brought By Stephen S. Chase.

Justice M. P. Richardson yesterday rendered his decision in the case of Stephen S. Chase vs. the Blodgett Milling Company, finding in favor of the defendants. The case was over the question of whether or not the defendants injured \$85 worth of pop corn during the process of shelling. Mr. Chase alleges that he was unable to dispose of his corn to a Chicago candy manufacturer for the reason that the corn was cracked and would not pop. He further alleges that the Blodgett company did not use due care. The defendants alleged that the corn was injured by mice before it was turned over to them to shell.

Visit McLay Bros' Stock Farm.

U. L. Carlyle, professor of Animal Industry at the Madison University, with his seventy students, made their second annual visit to the stock farm of McLay Bros., east of the city, this week. Many erroneously suppose the cost of this trip comes from the state fund, but this is not the case, each young man paying his share of the expense at no cost to the taxpayer.

In regard to McLay Bros' Shorthorns and Clydesdales, Prof. Carlyle says: "There is no other establishment in the state the equal of this that the students could visit." And also: "There is no other place on the continent that can show such a great collection of brood mares of any breed." And as a special object lesson the noted prize winning horse Prince Goodwin, was set up as "nearest the perfect model of a draft horse seen for a long time."

"Truly Rock county, in any industry undertaken, is always ready to throw down the gauntlet to its competitors. Along this line it should be mentioned that Mr. Geo. Little, residing west of the city, has made himself somewhat conspicuous by already winning a number of valuable medals for his discriminating judgment in live stock classes.

HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises:

"Tender not highly spiced thy food. That is the kind of meats we serve at all times, 'delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

Nashville, Tenn., March 15.—Burrell Miller, a resident of McMinnville, was instantly killed Wednesday by O. P. Green, the result of an old feud. Green has been in pursuit of Miller for several years, and broke down two doors to reach him, after which he split Miller's skull with an ax.

TESTS PATIENCE.

The Most Patient Janesville Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition. Nothing taxes a man's patience, like any itching of the skin. Itching Piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! with no relief. Just the same with Eczema. Can hardly keep from scratching it. You would do so, but you know it makes it worse.

Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment.

Plenty of Proof that Doan's Ointment will cure Piles, Eczema or any itching of the skin.

Read the testimony of a Janesville citizen.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itching of the skin, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itching and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

PEPPER'S SON KILLS HIMSELF.

Was Discharged from Dr. Sheldon's Paper for Drunkenness.

Topeka, Kan., March 15.—J. S. Pfeffer, son of W. A. Pfeffer, formerly United States senator from Kansas, committed suicide at Kansas City Wednesday afternoon, indirectly as a result of the publication of the Sheldon edition of the Topeka Capital here this week. Young Pfeffer was a printer, and had been working on the Capital up to last Saturday night. He had been drinking rather heavily during the past few months, and, fearing he might come in drunk some night and embarrass the Rev. Mr. Sheldon, the Capital management laid him off for a week while Mr. Sheldon had charge of the Capital. Pfeffer was greatly affected by his temporary discharge. He quietly left Topeka Tuesday night, and the next thing heard of him was a telegram announcing that he had committed suicide in a hotel in Kansas City. The Rev. Mr. Sheldon was greatly affected when he heard of the suicide of Pfeffer, especially when he was told of the circumstances under which Pfeffer had quit work at the Capital. Tears came to his eyes, and later in the evening he instructed the city editor not to permit any Capital reporter to intrude upon the Pfeffer home.

Orangeine

(Seventh Lesson.)

"Orangeine" appeals to your intelligence. Its essential ingredients are now named in the directions with every package, and you can see how the delicately balanced agencies enable Nature's functions to normally act. The continued public use of "Orangeine" shows conclusively that while it relieves pain and indisposition, it also restores and reconstructs the system. Continued use also shows that it never harms and never loses its efficacy. In one case of incurable Spinal Tuberculosis the excruciating pain is relieved by "Orangeine." The patient has taken over 70 boxes and his physicians are amazed to see that instant relief is still afforded by one Orangeine Powder. The Celebrated Kalish Pharmacy, 23d street and 4th avenue, N. Y., call it: "A marvel of efficacy and harmlessness."

Famous Circus Man Is Dead.

Chicago, March 15.—Wesley Jukes, one of P. T. Barnum's old business associates, died a few days ago at his home 376 Fulton street, at the age of 63. Mr. Jukes was the originator of Barnum's famous calliope, the Melchior organ and a score of musical and other automata that created amusement and caused wonder among circus-goers twenty years ago. He also made the famous "Cardiff giant," a piece of stone which he had shaped like a man. It resembled a human being ten feet tall, and Barnum "played it up" as a petrified giant of the prehistoric ages.

Thrusts His Head Against a Saw.

Delphos, Ohio, March 15.—James M. Kersey of Paulding, an employe of the Paulding Lumber company, mounted the table of a buzz saw and, in the presence of one of the proprietors of the mill, thrust his head against the rapidly revolving saw. His head was literally cleft in twain, and death was instantaneous. Kersey was a civil-war veteran.

ATTEND THE CAUCUSES.

The republican caucuses next Tuesday evening will be open from 7 to 8 o'clock, and all good citizens should attend. The procedure is very simple as far as the voter is concerned, and the new system is a great improvement. It will not be necessary to elbow your way about in a crowd, or waste any valuable time. You simply put your ballots in the box and that ends it. No citizen need devote more than five minutes' time to the caucus unless he wishes to remain and learn the result. The voting is as simple and can be as quickly done as at an election. Under the present system there is no excuse for the citizen who fails to vote at the caucus. "A fair field and no favor" is the rule, and every voter should do his duty.

Mayor Rose agreed to deliver the Milwaukee Germans to Bryan if the democratic national convention was held in the Cream City. Therefore it must be assumed that Mayor Rose thinks he has the Milwaukee Germans in his pocket. Unless the Cream City republicans make a big mistake, however, the Rose calculations will receive a general shake-up early next month. Milwaukee is a republican city and nothing but poor management can cause her to go democratic, no matter what Rose may claim.

If none of the men whose names are presented at the caucus suit you, vote for the man who does fill your estimate of what is needed. The ballot is open to all, and any ticket that you drop into the box must be counted as a vote for the man whose name is written thereon. The man receiving the largest number of votes will be the nominee of the caucus. Do your duty in making the selection, Mr. Voter, or "forever after hold your peace."

The schedule of national political conventions is as follows: The Republican National convention will meet in Philadelphia, June 19; the Populist National convention in Sioux Falls, S. D., May 6; the Middle of the Road Populists in Cincinnati on the same day; the Prohibitionists in Chicago, June 27, and the Democratic National convention in Kansas City, July 4.

The following dispatch from Rio, Wis., should be a warning to Janesville: Rio, Wis., March 13—Nels Ellington was burned to death in the Rio loup this morning. He was arrested on the charge of drunkenness the night before. During the night the place caught fire, and burned.

Janesville may have the next tragedy of this kind, and forewarned is forearmed.

The Republican First Congressional district convention will be held at Kenosha April 24 at 11 o'clock a. m. The business of the convention will be the nomination of a congressman, the election of two delegates to the National convention, the selection of an elector and the election of a district committee.

General Wheeler says the Philippines should have a territorial form of government, and declares that the islands are exceedingly valuable. This may not be democratic doctrine as Mr. Bryan speaks it, but it is good sense as a real democrat observes things.

Pettigrew says he is ashamed of the fact that he was born in New England. This announcement, coming so soon after Billy Mason began to blush for his country, is the last straw. Let the nation be dissolved and swallowed up!

A Michigan girl got out an injunction to prevent her father from getting married a second time. This beats Milwaukee.

As a newspaper, the Sheldon Topeka Capital is a failure. It is but a daily

edition of the monthly religious journals with the addition of a very small amount of local and general news.

The patriotic Beckham democracy of Kentucky proposes to find Senator Goebel's slayer if it has to hide every democrat and arrest every republican in the state.

A new \$5 counterfeit is out, and as usual, it is so "poorly executed" that it passes readily for the real thing.

Now that Kalamazoo has placed the ban upon "Sapho," it is up to Oshkosh to do something equally showy.

Good evening, Mr. Bryan. Have you read the new financial law through?

Pat Begins to Boil

The political pot is beginning to give off steam, and "good men and true" are beginning to enter the lists. The above roster may or may not be complete, but we will gladly add thereto all the names suggested for the various offices by the citizens between now and caucus day—next Tuesday. The list is arranged in alphabetical order, and will be kept standing for the information of the public.

No Opposition to Fathers

The candidates on the republican city and ward tickets are beginning to "feel the public pulse." It is conceded that City Treasurer James A. Fathers will have no opposition, and he will doubtless be nominated by acclamation. Justice Marshall P. Richardson has been an active candidate for the nomination for city attorney for some time past, and within the past few days, William Ruger, junior, has also entered the lists.

W. S. Jeffries appears to have no opposition and will doubtless be renominated for school commissioner at large. As Justice Richardson does not wish to serve another term, several names have been mentioned in connection with the nomination for justice of the peace, among them being Charles Reader, Jesse Earle, and A. M. Fisher.

In the Various Wards.

In the first ward it is conceded that Alderman F. E. Fifield will, if he desires be given a re-nomination. If he declines, H. L. McNamara and George W. Woodruff would be likely to be chosen. C. E. Bowles will doubtless be renominated for supervisor, and G. H. Eredge for constable.

Second ward people are doubtful between half a dozen aldermanic candidates, the names most frequently mentioned being those of C. L. Valentine, Henry Rogers, C. H. Kueck, E. H. Murdock and R. P. Young.

H. A. Mooser and Captain W. T. Van Kirk are both spoken of in connection with the nomination for supervisor.

Fred L. Clemons has no opposition and will doubtless be renominated for school commissioner. A. K. Cutts as usual, will be renominated for constable by acclamation.

Three former Second ward men are on the aldermanic lists the third ward—Clinton D. Child, Dr. W. H. Judd and E. D. McGowan. They are not the only candidates, however, as F. E. Green and Ezra Dillbeck are also in the field.

Alderman Carpenter declines to run again.

J. L. Bear and Wallace Cochran will doubtless succeed themselves as supervisor and constable respectively.

Editor Alderman W. G. Palmer or David Stewart is likely to be the alderman nominee in the Fourth ward.

The names of O. H. Sheldon and R. C. Voemans, F. M. Marzuff and Fred S. Sheldon have been mentioned in connection with both supervisor and school commissioner, but as yet no candidate for constable has been mentioned.

In the fifth ward Wilson Lane and J. E. Scott have been tolled off in connection with the aldermanic nomination, while J. G. Wray and others have been mentioned as nominees for supervisor.

Democrats Have Little Hope.

On the democratic side, very little talk is heard. No candidate for city treasurer has been brought forward. City Attorney Burpee will be renominated and it is predicted that the whole democratic

HARVARD FARMER EXPECTED HERE

HE WRITES MISS HEMSTOCK AND JUSTICE PATTEN.

Local Friends Have Sent Him a Photograph and Letter to Come Here on First Train—Miss Hemstock Left at Midnight for Eau Claire, Her Fine Having Deen Paid.

Miss Jennie Hemstock, the domestic who has been in jail on the charge of stealing, was given her liberty last evening, her fine of \$53 having been paid by local friends. She left on the midnight train for Eau Claire.

While in jail here Miss Hemstock received a letter from a Harvard, Ill., gentleman who failed to sign his name. Following is the letter:

Harvard, Ill., March 12, 1900—Well Miss Jennie Hemstock, I am sorry for what will give you a home for awhile, if the judge will release you, the latter part of April. I have a sickly daughter who is not able to work much and we would like a girl about your age for awhile, but want you to come here to steal again. If you stay with us we will treat you kindly and give you good advice. My wife died last fall. We have our own home and I will be at home to stay the latter part of next month. Write me soon and tell me if you will accept my offer. If you will, and can get released I will call at Janesville and get you. We will treat you well and make you as comfortable as possible. Is this your first offense of the kind? You have always been honest till now, haven't you? Let me know your nationality and looks. Are you a blonde or brunette? I am a responsible man and will do what I say I will do. Write me soon and tell me what you will do or can do about getting released. Direct to Lock Box 5, Harvard, Ill.

Following is the letter sent by the same Harvard gentleman to Justice L. F. Patten:

Harvard, Ill., March 12, 1900—Judge Patten: Dear Sir—Will you release Miss Jennie Hemstock from jail the latter part of April, if I will take her out of the state? I am a respectable and reliable resident of this place, and have a sickly daughter 22 years old. My wife died last fall, and we need a girl. We will take that girl for awhile and give her a home if she will agree not to steal anymore. Will you reduce her sentence and let her out last of next month if she will leave the state? Direct to lock box 5, Harvard, Ill.

Local friends of the girl sent the writer of the above advice, day before yesterday, to come up and see for himself, and he is expected to arrive almost any day. Miss Hemstock refused to entertain the proposition, and said she preferred to go direct to the home of her parents; but where her parents lived, she did not disclose. Her ticket was for Eau Claire, Wis.

Just How the Stars Run.

A lawyer was cross-questioning an Irish woman, the point under inquiry being the relative position of the doors, windows and so forth in a house in which a certain transaction was said to have occurred. "And now, my good woman," the lawyer said, "will you be good enough to tell the court how the stairs run in your house?" "How do the stairs run?" the witness replied. "Shure, whin I'm oppstairs they run down and whin I'm down stairs they run opp."

PLEA NOT GUILTY

ENGAGES ATTORNEY TO FIGHT THE CASE IN COURT.

Denies Charge That He Sold Liquor to Minors—Case Set for Next Tuesday Morning—Action Against the Three Juveniles Will Be Heard at Same Time.

When the case of the City of Janesville vs. John Connell was called in the Rock county municipal court this morning the defendant waived the reading of the warrant and entered a plea of not guilty. The case was then adjourned till next Tuesday morning at 10 o'clock. Mr. Connell was represented by J. L. Mahoney of the local legal firm of Mahoney & Ryan.

The defendant conducts a saloon at 67 West Milwaukee street and is charged with having sold liquor to minors. This charge Mr. Connell denies in strong terms and it is said that he intends to fight the case from start to finish.

On the other hand the police claim to have in their possession damaging evidence. The boys whom it is claimed got liquor at Connell's place are Joseph Briggs, George Curley and Jesse Hall, who were arrested last Sunday while in an intoxicated condition. It is alleged that these boys have implicated Mr. Connell.

When their case was called this morning it was adjourned till next Tuesday morning.

UNION RULES IN KITCHENS.

Mrs. Emmons Blaine Introduces Them in Her Household.

WORK EIGHT-HOUR SHIFTS.

System in Operation for Ten Days and Is Proving Satisfactory to Mistress and Servants—Society Patrons Afraid the Innovation Will Breed Trouble.

Chicago, March 15.—The servants of the household of Mrs. Emmons Blaine, 344 Erie street, are now working under union rules. The neighbors of Mrs. Blaine, it is said, are regarding the plan with much trepidation. It is thought that what with the scarcity of good servants the eight-hour system offers new possibilities for trouble.

The idea is said to have been suggested to Mrs. Blaine by Prof. Patrick Geddes of Edinburgh, who lectured in Chicago a couple of weeks ago. The scientist offered the proposition that there was a chance for the betterment of the condition of household servants, and so well did Mrs. Blaine regard the suggestion that she decided to adopt it in her home.

Cooks, maids, butlers, laundresses, coachmen and grooms have been so classified that they labor but eight hours at a stretch. The system has necessitated the forces being divided into watches after the manner on board ship. Those servants whose duties begin at 6 o'clock in the morning are relieved at 2 o'clock in the afternoon by a force that stays on watch until 10 o'clock at night.

The system was inaugurated about ten days ago and it is said to have proved highly successful. So pleased is Mrs. Blaine with the plan that she has suggested to several of her friends that they adopt it. She has advanced the argument and the belief that if other classes of labor are conceded the right of an eight-hour day household servants should be as well treated.

Society and club women are interested in the experiment which Mrs. Blaine is making. Mrs. Clinton Locke, who is a famous housekeeper and hostess, believes the idea may be practical in homes where relays of servants can be had, but not in the more modest homes—the houses of the majority—which, she says, are the ones to consider most. She thinks rules should be made for the many, not for the few, and that much of the dissatisfaction of servants arises from improper management. She considers the case of domestic service not a parallel of that in factories or business establishments, where, for instance, the illness of the employer makes no difference, his life being apart from the labor to be done, and where activity begins and ends at regular hours.

Mrs. Locke speaks from a long experience in a house conducted peacefully and pleasantly, and where cheerful service is given. She considers it unwise to agitate a new movement, for she believes there would soon be unions under this as under other labor systems.

The consideration is said to have been \$4,000,000. For some time the trust has been negotiating for the purchase of the plant, but all efforts have been in vain. Last week, it is reported, the big combine made the company an offer of \$3,000,000, but this was refused, and the company held to their original demand of \$4,000,000. The tannery is said to be paying nearly \$500,000 a year.

OLNEY NAMED FOR PRESIDENT.

Gold Democrats at Indianapolis Meet and Advocate His Nomination.

Indianapolis, Ind., March 15.—A mass meeting of gold democrats was held Wednesday night at which resolutions were adopted favoring united action against Bryan and free silver and advocating Richard Olney as the man who should be nominated by the democrats for president. He will be communicated with at once to this end. The meeting was called to order by James L. Keach, chairman of the national democratic or sound-money state committee, in 1896. He stated the purpose of the meeting to be a desire to get the sentiment of the sound-money democrats as to the course that should be pursued in the coming campaign.

Addresses were made in which the Puerto Rico tariff-bill issue was ridiculed, and speakers agreed that as to the effect on the interests of the country it cannot compare with the danger that lurks in the free-silver issue.

Money for Detroit's Column.

Detroit, Mich., March 15.—Three hundred persons attended the mass meeting to raise funds by subscription to pay for the Stanford White Doric column and peristyle to be erected in this city on the two hundredth anniversary of the founding of the city. The subscriptions aggregated \$300,000, and it is regarded as a fair start toward the \$1,000,000 estimated cost of the memorial. The highest individual subscriptions, \$25,000, were made by the following: Senator James McMillan, Gen. R. A. Alger, Col. Frank J. Heckler, C. L. Freer, D. M. Perry and James E. Scripps, who offered to double his subscription, if necessary, to insure the success of the undertaking.

This Stove produces a perfect, odorless, blue flame of full volume at the instant of first lighting, equal to that produced

by any gas range burner. It is so simple that no instructions are required to operate it with the best results. In fact, it revolutionizes the Gasoline and Oil Stove business. You will have no other if you see this.
